

TERMS OF THE PROMOTIONAL OFFER

Once the Travel Management Service Fee of \$400 per person is received, you will receive an email from Customer Motivators to select your gift card. Bookings that use a FTC to cover the Travel Management Service Fee do not qualify for this promotion.

The value of the gift card is based on the number of passengers that have paid their Travel Management Service Fee. For each Travel Management Service Fee received, the gift card value will increase by \$25 increments. For example, after we receive the Travel Management Service Fee for 4 passengers in a booking, you will receive a gift card of \$100.

The redemption code will be sent from redemptioncenter@customermotivators.com. Please make sure to whitelist this email address, so the email doesn't get caught by your Spam Filter.

The gift card redemption code is valid for one year. There are a variety of restaurants, retail merchants, and fuel companies for you to choose from.

Enter your preferred mailing address and the gift card will be sent to you directly.
